We see it all the time... people asking suggestions about paint colors, where to hang, stain colors, etc. It truly is hard to consider everything. From our experience, here are the things that you may want to consider to create the perfect sign. These are not MUSTS. Just suggestions. FYI- When you pre-order your sign, you will only have to tell us the design and stain color. You will be able to choose and use any combination of our 60 paint colors at the party.
